

Technical data	Capacity Tester
Input voltage	12V (through the battery)
Battery voltage	12 V or 24 V
Discharge current	Max. 15 A
Battery size	7Ah to 100Ah 7Ah – 35Ah (result shown in C5, C10 or C20 at 12V and 24V) 36Ah – 70Ah (result shown in C5, C10 or C20 at 12V and C10 or C20 at 24V) 71Ah – 100Ah (result shown in C10 or C20 at 12V and C20 at 24V)
Read-out	2-line display for setup, result and current status The Tester can be expanded to store setup, result and discharge data on a USB Stick for further processing or printing.
Cooling	Fan
Safety	Short-circuit protected, thermal protection, polarity protection
Standards	EN60950, EN61000-6-1, EN61000-6-3
Dimensions	179 mm x 189 mm x 81 mm (LxWxH) + handle
Weight	2.0 kg
