

Technical specification	Classic 8 A	Classic 10 A
Input voltage	230 VAC 50 Hz	230/115 VAC 50/60 Hz
Charging voltage	8 – 32.5 VDC Programmable	
Charging current	0 – 8 A Programmable	0 – 10 A Programmable
Recommended battery capacity	30 – 80 Ah	50 – 100 Ah
Charging programme	Programmable via serial port	
Temperature compensation	Optional	Optional
Cooling	Passive	Passive
Data logger	Storing charging curves	
User interface	3 LED's	
Temperature range	0 – 40 ° C	
Enclosure	IP54	IP54
Weight	1.8 kg	2.4 kg
Dimensions	158 x 189 x 62 mm	215 x 189 x 62 mm
Standard, Safety	EN 60601-1 (Electro-medical equipment)	
Standard, EMC	EN 60601-1-2 (Electro-medical equipment)
